

# DISINFECTION

## AUTO SOAP®

### automatic dispenser

#### CHARACTERISTICS

Autosoap is an automatic dispenser for soap, gel and liquid sanitizer for hands.

The machine guarantees high standards of hygiene: the distribution of the nebulized product takes place via photocell and therefore without any contact with external objects.

Placing your hands under the device the solution is nebulized immediately and automatically; rub the hands for about 20 seconds until they are completely dry.

Autosoap can be used in restaurants, bars, pizzerias, hotels, canteens, butchers, food shops, bakeries, dairies, beauticians, hairdressers, analysis laboratories, hospitals.

The machine has a **700ml tank**.

#### POWER SUPPLY

4 AA batteries
