

DISINFECTION

AIR CONTROL SANITIZER®

- 250 ml -
- 150 ml ONE SHOT -
- 500 ml -

Air Control Sanitizer is an aerosol line used to make the air healthier.

The special formulation makes it suitable as a neutralizer of bad odors and it makes all the environments healthier, thanks to the high presence of essential oils of menthol and eucalyptus.

Air Control Sanitizer comes in sizes:

250 ml can with dosing valve, especially designed to be used with our automatic dispensers. Ideal to use in workplaces, offices, gyms, locker rooms, canteens etc.

The cylinder guarantees 3,000 sprays.
